Summer 2022 Inaugural Box

*“The world is full of magic things,
patiently waiting for our senses to
grow sharper.”*

— W.B. Yeats

Hello AmbRoses,

This box is the beginning of your AmbRose journey, our community of women looking to elevate their moments of me-time from the comfort of their home.

Wonder is the theme of the first Ambrosia box, a feeling that we too often neglect in our busy lives.

When I chose this theme, I felt it best expressed the excitement of introducing Ambrosia to you.

Wonder is an emotion that we feel from our earliest stages of life. It encourages our desire to explore. My wish is that through our Ambrosia box, you will receive that flush of wonder and be ready to start a journey of self-discovery.

Wonder can be elusive and hard to capture, but that doesn't mean we can't try to grasp it however and whenever we can. Each item and element in this box is curated with *Wonder* in mind. This first Ambrosia box is a visual and reflective journey — from our exclusive tote bag and intention card illustrated by artist Maitreyi Doshi, to a sensory journey through self-care essentials such as the velvety Milanesi Skincare Nourishing Cream, the opulent Sweet Orange Honey Body Scrub by Scentsational Journeys, the playful Yummycado Face Mask by Everyday For Future and the cuddling Ada Lip Beauty Lip Scrub.

How can you not feel *Wonder-ful*!

So now, get comfortable and prepare to revel in the best experience in self-care.

Switch off your Slack notifications, order takeout, dim the lights.

Get ready to unwrap, indulge and care.

Ambrosia is not your typical subscription box. In addition to our recommended beauty and wellness must-haves, you will also find fun and actionable rituals designed to “zhuzh up” your wellness experience. Each box edition will include an exclusive and collectible Intention Card designed by our rotating artists.

Wonder, the theme of our first box was illustrated by artist Maitreyi Doshi.

How to Use Your Intention Card:

- Be inspired by the illustration in front of the card
- **Think about what *Wonder* means to you and how/where you can find it**
- Flip the card, set your intention
- Answer the question found on the back of the card
- Add any other reflection on the dotted line
- Display the card on your desk, in your nightstand, or inside of a book – wherever you feel your eyes will fall
- Reference your intention card any time you feel your ***Wonder*** waning

Artist Maitreyi Doshi illustrated her take on our theme, Wonder for the tote bag included in our box.

Why a tote bag, you ask? Well, let's face it, tote bags are awesome, and we want to make every effort we can to respect our planet.

Below, Maitreyi shares with us more about her creative process and how she created the illustrations:

I wanted to create illustrations deeply rooted in nature and reflective of Ambrosia's brand and vision. I was inspired by Madhubani paintings, an intricate and detailed style of folk art often found in the state of Bihar in India. Madhubani painting (Mithila painting) was traditionally created by the women of various communities in the Mithila region of the Indian subcontinent.

These paintings mostly depict people and their association with nature, and deities from the ancient epics. The sun, the moon, and sacred plants like tulsi (Holy Basil) are also widely painted. Generally, no space is left empty; the gaps are filled by images of flowers, animals, birds, and even geometric designs. Traditionally, Madhubani painting was one of the skills passed down over generation, mainly by women.

The illustration is inspired by several different Madhubani paintings creating a messy, chaotic but beautiful illustration. I believe that this illustration depicts a woman's life. We all have messy, chaotic, intricate, but beautiful stories that we lead in our lives daily. These stories have to be cherished and remembered.

About the Brand

Lipsticks from real food. Ada Lip Beauty uses advanced technology to holistically retrieve pigment particles from rich, earthy vegetables. These colors are hidden gems buried deep within the earth. As they grow in darkness, they're able to absorb greater amounts of nutrients directly from the source. Supercharged with antioxidants, vitamins, and iron - it's no wonder many in this family are touted as superfoods.

About the Product

Refresh and rejuvenate your pout with Lip Rally - an exfoliating, nourishing vegan lip scrub made from natural sugar beads, cocoa seed butter, shea oil, and jojoba oil. Lip Rally provides easy application and no dirty finger double-dipping in the form of a chapstick.

How To Use

With a brand new Lip Rally, there is a thin protective layer that acts as a coat to keep the stick fresh until use. Make sure to work through this top layer to get to the sugar granules underneath. Gently swipe back and forth across the lips 2-3x. For extra exfoliation, use your ring finger in circular motions after application. Let the sugar crystals dissolve or wipe away the excess. Water is not necessary. Final step, kiss a loved one.
